

Duoflask[®]

The Duoflask is unique to the Palajet System. The flask allows you to process a full/full in the same flask at the same time. You can process **FOUR JOBS** at one curing with **ONE INJECTOR**, making the Palajet System extremely cost effective.

Duoflask[®] is part of the APT[®] Advanced Prosthetic Treatment denture system.

Full marketing brochures available on request.
Please ask your Heraeus representative for details.

Duoflask[®], Palajet[®] and APT[®] are Registered Trade Marks of Heraeus Kulzer GmbH, Germany
